*ARTS ALIVE!*

*The Arts are not a Luxury!*

It is a great honor for us to welcome you to the first annual Covey Hill Art Festival, Havelock, 2007. We are very proud of being able to make you discover, through this event, the artists, their work and passion. The program promises to fill your eyes and hearts.

We are particularly proud to welcome our young artist Ursula, who presents certain pieces of her collection. She is diversified and her work will captivate your imagination.

We invite you to be seduced by this event which is presented to you under a century old barn overlooking the Chateuguay Valley with Montreal in the background. The ambiance, atmosphere and the view will compliment what you are about to see.

We are proud supporter of the Barrie Memorial Hospital Fondation in Ormstown. We are there for our community, together we can make a difference.

No matter WHAT  
No matter WHERE  
It is always HOME  
If LOVE for ART is THERE
